Welcome to June/July edition of the newsletter of Think Visegrad in Brussels. This newsletter focuses on the activities and publications of the Think Visegrad in Brussels project and individual members of the Think Visegrad platform.

In July, we organized two events under the Think Visegrad platform. Expert round table organized in cooperation with Egmont Institute focused on the progress of legislation within the New Pact on Migration and Asylum. Second round table, this time in cooperation with German Institute for International and Security Affairs (SWP), discussed current state of the Enlargement Policy.

What is the 'Think Visegrad in Brussels' project?

In the first half of 2016, the Think Visegrad platform members agreed on the idea proposed by the EUROPEUM Institute for European Policy, to create a common representation office in Brussels. The main motivation for it is the need to encourage debate on issues of common interest to the EU and the V4 and explain the positions of the V4 to a wide audience. We would like to project an image of constructive partners, to explain the dynamics of the debates within our regions and to highlight our active contributions to EU policy-making. With this view and with the aim to boost discussions specifically on the Czech Republic and the EU, EUROPEUM has opened its Brussels office in January 2016.

The pilot project run in the second half of 2016 and consisted of many interesting and successful events. The second part of the project was approved in June 2017 and continued until the end of the year. Project has been continuously running since 2018.
