Airbus Flight Simulator Experience – December 2022

Airbus A320 Static Flight Simulator to be used in the event.

Flight simulator allows participants to apply and consolidate flying theory learnt in textbooks and ground school, and to further develop knowledge, skills and attitude conducive to flying operations in a safe training environment irrespective of participants' experience. It has been used in a number of aviation education programmes in the Corps, including Advanced Aviation Education Programme, Operation Kingbird and Qualified Aviation Instructor Course.

2. With the sponsorship from the **Community Chest**, Aviation Education Wing has communicated with a flight simulator service provider and secured a number of seats for the captioned event, with the following details.
